### 2025 PERENIAL SEASON

\*\*\* Deer Resistant Plants

### Please Note:

Deer Resistant Plants are plants that deer typically don't eat due to their scent or texture. If you live in an area that is highly populated with deer it's difficult to determine what they won't eat. These recommendations are just guidelines to aid customers when purchasing.

ARMERIA Ballerina Red ***	14"	May--July	Soft Red	Sun	***

\*\*\* **Deer Resistant Plants**

**Please Note:**

Deer Resistant Plants are plants that deer typically don't eat due to their scent or texture. If you live in an area that is highly populated with deer it's difficult to determine what they won't eat.

These recommendations are just guidelines to aid customers when purchasing.
